lunch time talk with...**

David Ritter, Senior Oceans
Campaigner Greenpeace UK

David Ritter is a Perth lawyer who has been based in London since mid 2007 where he runs the Oceans Campaign for Greenpeace UK. David's talk will be of interest to students from a range of disciplines who like the idea of working in the public interest.

If you are concerned about the state of our oceans and if you'd like to know why Greenpeace UK believes JOHN WEST to be one of the WORST brands at ensuring the fish they sell are caught using sustainable methods, his talk is not to be missed.
